

## TMS Therapy Medication Checklist

Below is a list of common medications that are used to treat depression. Please mark the medications you have been prescribed **in the past** or **are currently prescribed**. Provide estimated dates of use and the reasons for discontinuing. If you have brought a medication list or had your records sent from your physician's office, please fill out this form and bring those documents with your TMS therapy consult visit or fax to 480-668-3262 or email to Ask@tmsinstitute.co.
